DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.
- 2. Claims 1-19 is rejected under 35 U.S.C. 102(e) as being anticipated by Hong (US 20030043109).

As per claim 1, Hong shows an apparatus, comprising: a housing; a handle coupled to the housing, the handle extending beyond a top edge of the housing to provide a top edge clearance and extending away from a back side of the housing to provide a back side clearance; a keyboard tray coupled to the housing, the keyboard tray including a stand and a keyboard, wherein the keyboard tray is unfolded from the housing to support the housing in an upright position (in fig.4, 5,6 and section 0041,00420.

As per claims 2,3 Hong shows the housing includes a front side and a backside, and wherein the handle is coupled to the housing at the back side (in fig.4).

As per claims 4-8, Hong shows handle is stationary and the keyboard tray is coupled to the housing at the back side and below the handle and wherein the keyboard tray is coupled to the housing at substantially near bottom of the back side of the

Art Unit: 2629

housing using a hinge mechanism; wherein the keyboard is retractable relative to the keyboard tray (in fig.1 element 34 is a tray of the keyboard and in fig.4-6).

As per claims 9-15, Hong shows the keyboard is a wireless keyboard and keyboard tray further includes a remote control device and wherein the remote control device is capable of sending infrared (IR) signals and the remote control device includes a pad that can be used for a cursor control device and the keyboard tray further includes a wireless telephone handset and the wireless telephone handset is to include a Bluetooth communication module and the front side of the housing includes a display screen (in section 0028,0029 and 0037 and 00390036).

As per claims 16-19, Hong shows the front side of the housing further includes a fingerprint sensor and the front side of the housing further includes a video camera and wherein the front side of the housing further includes one or more speakers and front side of the housing further includes an array of one or more microphones (in section 0037 and 0038).

Conclusion

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Nitin Patel whose telephone number is 571-272-7677. The examiner can normally be reached on 8:00-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Bipin H. Shalwala can be reached on 571-272-7681. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
